SARDAR VALLABHBHAI NATIONAL INSTITUTE OF TECHNOLOGY - (NIT) Surat, India
Bachelor of Technology in Chemical Engineering, May 2026
- Select Coursework: Renewable Energy, Pharmaceutical Manufacturing, Environmental Engineering, Mass Transfer, Marketing.
- Leadership: Vice President – Chemical Engineering Society; Senior Executive – AIChE; Finance Head – Nirvana.

EXPERIENCE

RSM ASTUTE CONSULTING PVT. LTD. Surat, India
Research & Documentation Associate, LEAN Department Apr 2026 - May 2026
- Process and Compliance Analysis: Developed a 109-checkpoint Chemical Industry Safety Audit Report covering 14 safety domains, GHS hazard classification, and a four-band compliance scoring system.
- Operational Excellence: Evaluated PEPL CETP operations and supported Kaizen initiatives to identify process inefficiencies, contributing to $20K in cost savings and 17,318 kWh in annual energy savings.

GROWLITY PVT. LTD. Surat, India
Sustainability and Project Management Jan 2026 - Apr 2026
- ESG Compliance & Documentation: Supported sustainability reporting and compliance initiatives across 20+ clients, contributing to GRI-aligned reporting, EcoVadis assessments, ESG documentation, and sustainability data collection.
- Project Management: Led GHG inventory quantification and reporting initiatives, collaborating with clients to collect emissions data, ensure regulatory compliance, and advance sustainability goals, contributing to a 30% reduction in air pollution.

PRUDENCE LIFECARE PVT. LTD. Ankleshwar, India
Business Development Associate Jul 2025 - Aug 2025
- Business Development: Increased quarterly sales profitability by 10% by converting two prospects into long-term clients through strategic outreach and negotiation, securing 5-year contracts with 1.5% quarterly price escalations.
- Marketing Strategy: Developed pharmaceutical-industry lead-generation initiatives across SEO, LinkedIn campaigns, trade portals, webinars, and targeted outreach, reaching 2,000+ users and expanding the commercial pipeline.

ALIVUS (FORMERLY GLENMARK) Ankleshwar, India
Summer Intern, *Research & Development and Operations Management* May 2025 - Jul 2025
- Process Optimization: Collaborated with engineering and operations teams to optimize a solvent-recovery reboiler, reducing energy consumption by 7% and contributing to a company-level $1M revenue-growth outcome.

Operations Management: Reduced excess stock by 18% by optimizing inventory using SAP-driven forecasting; saved ~$100K monthly by enhancing raw material utilization, while improving delivery schedules and customer satisfaction

PROJECTS

THE PSYCHOLOGY OF INFLUENCE IN MARKETING Sep 2024 - Dec 2024
The Power of Storytelling in Marketing
- Led a 5-member team in analyzing Nike and Apple campaigns, using market-share and follower data to understand how storytelling influences consumer behavior and brand perception.
- Developed a marketing strategy and consumer-journey diagrams based on secondary research, with the professor recommending the project as an example for future students.

MICROBIAL FUEL CELLS / CHEM-E-CAR Dec 2023 - Dec 2024
Development of Fuel Cells & Best Use of Biological Reaction Award
- Innovation & Sustainability: Designed and developed a single-chamber microbial fuel cell converting wastewater into electricity, demonstrating a waste-to-energy solution for a shoebox-sized vehicle; received 1st-place recognition at multiple competitions.

SKILLS

- Software & Programming Languages: Power BI, Alteryx, Microsoft Excel, Word, PowerPoint, Python, HTML, C++, Aspen

ADDITIONAL INFORMATION

- Certifications: GHG Accounting (CISCO); Financial Markets (Yale); Fundamentals of Finance (UPenn); Business Management Essentials (Illinois Tech); Marketing Strategy (Illinois Tech); Social Media Marketing (Upgrad).
- Affiliations: American Institute of Chemical Engineers (AICHE); Nirvana - Student Club, Art of Living – NGO
- Interests: Sustainability Consulting, Operational Excellence, Digital Marketing, Business Analysis, Waste-to-Energy, Cricket, Football, Running, Reading and Travelling.
- Recognition: Designed and built an innovative single-chamber microbial fuel cell (MFC) to generate electricity from biomass and delivered first-place-winning presentations on the project at the 2024 AIChE Annual Student Conference (San Diego, USA), Azeotropy (IIT Bombay), Stithivartana (SRC 2024), and Mindbend (SVNIT).
- Earned 4th place in Eureka 6.0 (Research event) on our topic Brahmi as an Oro-Dispersible tablet.
